PRICING + INFO GUIDE

We've spent over ten years shooting weddings together around Australia and overseas; from the tiniest elopements to the most opulent extravaganzas. For fresh young things and for long-time lovers. For super-fancy types and for no-frills folks. On snowy mountaintops, in decadent ballrooms and in dingy dive bars. The tea ceremonies, the horas; the most sacred traditions and the most chaotic dance floors.

We capture how it all feels: the glorious emotion, beauty and mayhem of your day. We shoot like photojournalists, with a touch of editorial flair - the best of both worlds. We create magical portraits for you to frame and share, and love to document all the gorgeous styling details... but for the rest of the day, we're all about the real stuff. The funny bits, the tears, your nanna cutting shapes on the dance floor; the big iconic moments, and all those in-between bits you might've missed. We cover it all so that you can stay in the moment and enjoy every minute, knowing you'll be able to relive it all again and again through your photos and films.

Keen on some analogue vibes? We offer film add-ons using a mix of vintage cameras for that hazy, dreamy, nostalgic feel. Perfect imperfection.

We'd love to hear about your plans, however big or small - we'd be thrilled to capture your day for you.

LUCY SPARTALIS + ALASTAIR INNES

We tend to shoot all of our friends' weddings,
but this time we were just guests, so we got a little fancy.

Optional Extras

PREMIUM ALBUM

In our digital age, there's nothing quite like seeing your memories in print.

Our 10x10" hardcover albums are a stunning keepsake to treasure, and to pass down through future generations. The layout of each of the 80 lay-flat fine art pages is carefully designed to present your photos in an eye catching, elegant and contemporary way.

80 pages sound like a lot? Trust us, you'll want that many – your story deserves to be told in loads of detail. Instead of offering you a shorter album with fewer pages and then up-selling extra spreads afterwards, we cut right to it: get the big one. Fill it with faces, moments and details. Give your favourite shots their full-page glory. You will love it.

- A 10x10" 80 page hardcover album, featuring up to 220 images from your day
- 3 rounds of online drafts, to ensure you're 100% happy with the album design (additional drafts \$150 each)
- Custom cover design, with a huge range of fabrics, fonts and extra elements to choose from
- Linen cover and 4x4" cover stamp included

\$1,990 incl GST

PREMIUM PARENT ALBUMS

The perfect post-wedding gifts for your families:

Slightly smaller (at 8x8"), and identical to the main album.

\$990 incl GST (each)

A separate 'Special Features' film featuring audiovisual recordings of your vows, exchange of rings and first kiss, plus the reception speeches, presented amongst beautiful montages from your day (30 minutes or longer, it depends on the length of your speeches).

ROUGH CUT

If you want it all – every little snippet that Alastair captures throughout your day, with any audio he happens to pick up with his on-camera mic – you'll want to add this optional extra: an untouched 'Rough Cut' film, featuring all of the footage captured throughout the day presented in chronological order, along with any audio captured while filming.

\$500 incl GST

FAQ

Where are you based? Are you happy to travel?

We're based in Melbourne, Australia, in the beautiful Dandenong Ranges. We regularly travel for shoots, and we'll go anywhere - our passports are ready.

We've been honoured to capture incredible celebrations in Sweden, France, Thailand, New Zealand, Portugal, USA, Indonesia, Fiji and all throughout Australia. For weddings more than 100kms out of Melbourne we'll charge a small extra fee to cover our travel expenses. For overseas weddings we can offer you special rates to make things much more affordable.

We really don't like posing, will that be a problem?

Not at all. We thrive on capturing people being their natural selves - laughing, chatting, letting loose on the dance floor. We'll capture the genuine moments that happen through your day - that's the really good stuff, anyway!

While our approach is mostly unobtrusive, we're very happy take a more directorial role during your portrait shoot if you need us to. We don't love having or photos taken, so we get how intimidating it can be! We'll keep the 'directions' casual, and non-cheesy - just enough guidance so you're not standing there thinking 'what do I do with my hands?!' (it's a thing).

Is it just you two photographing/filming on the day?

Yep, just us. No big crew getting in the way of the emotion, running around everywhere and distracting everyone's attention. Our clients often say "we barely even knew you were there" - this is our favourite thing to hear. We keep things relaxed, ebbing and flowing throughout the day, stealthily capturing moments and details without making you feel overwhelmed.

Would you mind not sharing our photos/films online?

Totally fine with us. If you make this request, we'll keep everything private for you.

Any tips for wedding planning? Please help!

So many! We'll send you loads of handy tips on how to get the most out of your photography + film booking, as well as general suggestions for how to plan your timeline. After being part of 400+ weddings, we've seen it all, and we'd love to share what we know with you.

Will we talk much before the day?

We chat with all of our clients over the phone or on Zoom/Facetime several times in the lead up to their big day, ensuring we have a great understanding of their vision, and how it will all unfold. Just before the day, we'll have one last chat to run through the final plan, then we'll be good to go.

We love one of your films/photo galleries in particular, can ours please have a similar aesthetic?

Absolutely. We craft our films and photo galleries to reflect the individual couple and their day, rather than making all of our work look same-samey. If there's a particular one you've seen on our website or social media that you really love the look and feel of, please let us know!

How is the music chosen for our film/s?

We love the process of finding the perfect music to suit your film, it's as important to us as the footage. We listen to the music you play throughout your day to get a great sense of your taste, and source a soundtrack that suits you and the feel of the day.

It's against the law to use popular hits without paying huge fees (and fair enough), so we license music from talented emerging artists from around Australia and the world, for a small fee that's built into the price of the film.

Do you support Marriage Equality?

Wholeheartedly, yes! We're thrilled to work with so many beautiful and diverse couples... whoever you are, we'd be honoured to capture your love.

How soon after the wedding will we receive everything?

You can expect delivery of your photo collection within approximately 8-10 weeks of the big day, and your film/s within a few months (meticulously editing each film is a super involved process - good things can't be rushed!).

Hoping to share a few gorgeous moments with loved ones quickly after the day? Don't worry, we'll send you a little 'Sneak Peek' photo gallery very soon after the wedding, filled with gorgeous moments to share until the whole collection is ready.

Let's do this! How do we book?

Yay! We'll send out our paperwork and get the date secured for you; once the forms are complete and we've received a 30% booking fee, we'll be good to go. The balance payment is due before the wedding day - whenever you want to sort that out ahead of the day is fine by us.
